**OFFICE OF LEGISLATIVE COUNSEL**

**Wednesday - 2 October 1963**

25X1 [redacted] Received a call from the Republican Policy Committee during which they inquired the name of our Director of Security and Director of Physical Security. I indicated that in accordance with law we did not give our names and official titles of Agency people and explained a little of the reasoning behind the law. This explanation seemed generally acceptable but on the other hand the individual involved mentioned they were compiling a list of these people at the various agencies and mentioned Bannerman's name and [redacted] name. I neither affirmed nor denied that these names were correct. Bannerman has been advised of the above.

25X1 [redacted] Jim Hyde, Bureau of the Budget, inquired if we had any items for the next Congress in the legislative field which would be of sufficient importance to be included in White House consideration. I told him that we did not at this time and if anything developed I would be in touch. (Proposed intelligence data, if it moves along, presumably would be a candidate for inclusion in such a list.)

25X1 [redacted] Arrangements were made for a meeting with Senator Russell at 4:30 this afternoon to include the Director and [redacted]

25X1 [redacted] Delivered to Mr. Boyd Crawford, House Committee on Foreign Affairs, three transcripts which we had borrowed from him. In addition, I received from Mr. Crawford two copies of transcript of the Director's testimony, a list of staff people present at the Director's briefing, and the tapes used by the reporter.
